BS in Computer Science (Software Engineering Concentration, 2008-2009 Catalog)

First time freshman students admitted to ASU for the 2008-2009 academic year must complete critical requirements to progress toward graduation. Please work with an SCI advisor if you have any questions about critical requirements.

Notes: *** ASU 101 is required for all students following the 2008-2009 catalog and fulfills 1 of the 8 hours of general electives required

** See SCI Advising Center or SCI Website (http://sci.asu.edu) for approved technical electives, lab science sequence options, and software engineering electives.

* Designates critical requirements for CS admits in the 2008-2009 academic year. Minimum ‘C’ grade required in all CSE courses.
