

# COMMUNITY COLLEGE STEM PROGRAM AND CLUB VISIT

FRIDAY, NOV. 16, 2018,  
9:00 AM - 3:00 PM

Space is limited! RSVP today at [etouches.com/CCSTEMFall2018](http://etouches.com/CCSTEMFall2018)

For information on transferring to the Ira A. Fulton Schools of Engineering, visit [transfer.engineering.asu.edu](http://transfer.engineering.asu.edu)

Contact Daisy Loera if you have any questions regarding the event at [Daisy.Loera@asu.edu](mailto:Daisy.Loera@asu.edu) or 480-727-1346

## 9:00 AM - 9:30 AM CHECK-IN

Location: College Avenue Commons

## 9:30 AM - 10:30 AM SESSION ONE

Location: College Avenue Commons

Session: Fulton Difference - Discover the different engineering degree programs offered on the Tempe and Polytechnic Campuses, the multitude of opportunities we offer to customize your experience, and the support programs available to our students.

## 10:30 AM - 12:00 PM SESSION TWO

Location: College Avenue Commons

Session: METS Center and NSF ASAP Scholarship Program (\$5M, 5 Years) - The METS Program, run by Professor Armando A. Rodriguez, is dedicated to the success of Fulton Schools transfer students. In this session, Dr. Rodriguez and current Fulton Schools students will identify and answer common questions prospective engineering students have. New scholarship opportunities for transfer students (\$4K/year) will also be highlighted and discussed.

## 12:00 PM - 1:15 PM SESSION THREE

Location: FSE facilities

Session: Staff and student-led Fulton Schools Tour - Enjoy a walking tour of Fulton Schools of Engineering facilities and support services with our Fulton Schools student campus visit team. The tour will also include a visit to the National Science Foundation (NSF) supported METS (Motivated Engineering Transfer Student) Center - a space dedicated to transfer student Academic Success and Professional Development (ASAP).

## 1:15 PM - 2:00 PM LUNCH

Location: Sun Devil Fitness Complex

Session: Lunch and Session with Fulton Advisors - Fulton Schools of Engineering advising staff discuss the application process, admission requirements, academic advising and first-time enrollment process at ASU.

## 2:00 PM - 3:00 PM FURI VISIT

Location: Student Pavilion

Session: FURI Symposium Research Visit - The FURI Symposium is an open house-style poster display of all the research supported by the Fulton Undergraduate Research Initiative, students funded through the Undergraduate Research Travel Grant program and other undergraduate students conducting research with an engineering faculty member.
