DISCOVER THE FULTON SCHOOLS AT POLY

ARIZONA STATE UNIVERSITY'S POLYTECHNIC CAMPUS
FRIDAY, DEC. 6, 2019
10:00 AM - 4:00 PM

Welcome & Information Session
Discover the different engineering degree programs offered on Polytechnic and Tempe Campuses, the multitude of opportunities we offer to customize your experience, and the support programs available to our students. Learn about scholarship opportunities.

Advising Session
Fulton Schools of Engineering advising staff discuss the application process, admission requirements, academic advising and first-time enrollment process at ASU.

Lab Tours
Staff and student-led Fulton Schools Tour - Enjoy a walking tour of Fulton Schools of Engineering facilities and support services with our Fulton Schools student campus visit team. The tour will also include a visit to the Manufacturing Research and Innovation Hub, Peralta Studio, and our SIM building.

Student Panel
Hear from students who have transferred to the Fulton Schools and find out how they got where they are and what advice they have for a smooth transfer to the university.

Innovation Showcase
The Innovation Showcase is a massive exhibit of student-produced projects, demonstrating how ASU students solve real-world problems with innovative and imaginative solutions. Collaborating with industry partners to create solutions to meet tangible industry and societal needs. Innovation Showcase presents and explored the intersections of disciplines, solutions, and passions from a variety of viewpoints.

Lunch Provided

Space is limited! RSVP today eiseverywhere.com/discoverfsepoly
