1. Complete your Fulton Schools Welcome

☐ Enroll in and complete the Fulton Schools Welcome for Online students.

2. Enroll in your starter kit course

☐ Starter kits are available to help first year students (students with 23 or fewer transferable credits) prepare for success at ASU Online. Self enroll in the course that is right for you:
   - First year students
   - Uber students
   - Starbucks students
   - Military and military affiliated students

3. Prepare for registration

☐ Submit transfer courses for evaluation
☐ Take math placement exam (if required)
☐ Connect with your academic advising office
   Visit My ASU to find your academic advisor, who will help you:
   - Determine your first math class at ASU
   - Determine your first English class at ASU
   - Register for your first semester classes

When registering, please consider the following when choosing your ASU 101 course:
- **ASU 101**: Required for first-year students (with 23 or fewer transferable credits)
- **ASU 101-EEE**: Required for all electrical engineering and mechanical engineering students
- **ASU 101-TPS**: Required for Graphic Information Technology, Information Technology, Human Systems Engineering and Technological Entrepreneurship & Management
- **ASU 101-FSE**: Required for Engineering Management and Software Engineering students

4. Plan for success

☐ Connect with your Success Coach (viewable on your My ASU page)
☐ Finalize financial arrangements (if applicable)
☐ Become familiar with the ASU Academic Calendar
☐ Upload your photo ID
☐ Secure materials for classes:
  - ☐ Computer applications required for classes
  - ☐ Text books
  - ☐ Lab kits
  - ☐ Academic Planner

For more help, contact your academic advisor or visit the Fulton Schools online student resources page.
